

Nicklas Lanman

Full Stack Software Engineer

(123) 456-7890 | nicklas.lanman@yash.com

Education

BACHOLOR OF ENGINEERING | MAY 2019 | ST. CLOUD STATE UNIVERSITY

- Major: Software Engineering
- Selected Coursework: Software Design, Software Analysis, Software Construction, Software Quality

ASSOCIATE OF SCIENCE | MAY 2019 | ANOKA RAMSEY COMMUNITY COLLEGE

- Major: Computer Science
- Selected Coursework: Computer Science I & II, Computer Architecture, Object Oriented Programming

Skills & Abilities

TECHNICAL SKILLS

- **Languages:** JavaScript, C#, HTML & CSS, TypeScript, SQL, Java, Python
- **Frameworks:** Node.js, .NET Framework
- **Libraries:** React.js, Express.js, ASP.NET CORE
- **Technologies & Software:** Git, GitHub, Jenkins

Projects

INTERACTIVE GRADUATION PLANNER | ST. CLOUD STATE UNIVERSITY | AUGUST 2018 – MAY 2019

- Designed and developed a web app, using the MERN stack, that analyzed a student's Degree Audit Report and created a graduation plan based on the student's preferences
- Co-developed System Requirements Specification, Software Design and Technical Design Documents
- Designed and wrote web service to serve page content, manipulate and store data

Experience

JUNIOR SOFTWARE DEVELOPER | YASH TECHNOLOGIES | JUNE 2019 - PRESENT

- Completed Graduate Training Program workshops covering: Agile Methodologies, JavaScript, HTML & CSS, C#, React.js, AngularJS, ASP.NET MVC, Git and DevOps
- Produced both front-end and back-end deliverables including responsive web apps, data retrieval services, data modeling and data visualization

SOFTWARE ENGINEERING INTERN | PRODUCTIVE TECH SOLUTIONS | JUNE 2018 – AUGUST 2018

- Performed software analysis on a legacy business management system
- Designed and developed an enhanced system maintaining core functionality within the .NET Framework
- Refactored code to reflect Object Oriented principles, implemented RBAC and redesigned user interface
